## 45th ANNUAL REPORT.

**Presented at the Annual General Meeting of  
Subscribers, held in the Council Chamber, Myrtle  
Grove, Bingley, on Tuesday, 12th February, 1935,  
at 7-30 p.m.**

The Committee has pleasure in submitting its Report on a most satisfactory year. The amount of work done during 1934 creates a new high record in the history of the Hospital, and all departments show substantial increases over 1933; In-Patients increasing by 30 to 557; Out-Patients 59 to 349, and X Ray Cases 66 to 384, whilst the total accommodation remains the same, 16 beds for Women, 12 for Men, 15 Children's Cots, and 4 Emergency Beds, making a total of 47 Beds. The average number of beds occupied during the year has been 28.91.

### FINANCE.

In spite of the substantial increase in work done, efficient and economical management has resulted in total expenditure showing a small decrease compared with the previous year, and, consequently, there is a big reduction in the average cost per patient per day, which has fallen by 6½d. to 6/7½, a figure which must be one of the lowest Voluntary Hospital costs in the country. Income, too, is equally satisfactory, having increased by £746 to £4,267, thus enabling us to place £800 to Extension Fund and carry forward a small balance of £36 to 1935. Principal credit for this increase must be given to the Workpeoples' Contributory Scheme, which was introduced in April and very sympathetically received both by Employers and Workpeople, and has produced the important amount of over £1100 in its first year.

The House Collection Scheme has largely maintained its position by raising £740, and the Committee looks forward confidently to generous support from both Schemes in the future. An increase of £35 in Gas and Electricity has been kindly met by the Bingley Urban District Council, who have increased their grant accordingly. The annual effort of the Linen Guild has been postponed to give time for the re-organisation of the League.

## CONTRIBUTORY SCHEME.

The success attending the introduction of the Work-peoples' Contributory Scheme has encouraged the Committee to negotiate for extended services for Patients, and interchangeable arrangements have been entered into with:

BRADFORD ROYAL INFIRMARY,  
KEIGHLEY VICTORIA HOSPITAL,

and an arrangement has, also, been made with the:

BRADFORD ROYAL EYE & EAR HOSPITAL,

under which Members of our Contributory Scheme and their Dependents will be eligible for privileges at these Institutions in addition to our own. A most extensive Hospital service is now available for local contributors, and the Committee tenders its thanks to the Governors of these neighbouring Hospitals for the friendly and helpful way in which they responded to our overtures. Your Committee's activities are not confined to an isolation policy, and such reciprocity should be most beneficial to the Patients and the Hospitals concerned.

## PROPERTY.

The Hospital Buildings and Equipment have been maintained in a good state of repair, and certain additions and improvements were effected, whilst all the exterior and most of the interior was painted during the year. The amenities of the site were preserved by the purchase of a plot of open land on the northern boundary of the Hospital, which was paid for out of revenue.

By the generosity of Mr. L. S. Dyer, free and satisfactory radio is now relayed for the benefit of Patients and Staff, and the Committee tenders its thanks for this generous gift.

## OBITUARY.

The Hospital suffered great loss during the year by the passing of:—Mr. John Wilkinson, who was a Vice-President and Trustee; Dr. W. Craig, a Member of the Hon. Medical Staff, the Committee, and Secretary of the Medical Faculty; and Mr. T. W. Goodall, formerly Hon. Treasurer for many years.

All these gentlemen gave liberally of their best for the benefit of the Hospital and District, and, in placing on record this appreciation of their work for the Institution, the Committee tenders its deep and sincere sympathy to the relatives in their great loss.

## HONORARY STAFF.

The following appointments were made during the year: Dr. J. A. Birkmyre, M.D., and Dr. O. T. Wade, M.R.C.S., L.R.C.P., Additional Honorary Medical Officers, and in expressing its welcome, the Committee also tenders appreciative thanks to the Hon. Medical, Consulting, Radiological, and Dental Staffs for their devoted and skilful work.

## EXTENSIONS.

The need for extra accommodation for adult Patients and the Staff has been emphasised during the year, and the work had to be carried on under difficulties which ought not to exist. Serious consideration was given to the position on many occasions and, at a joint meeting of the Committee and Medical Faculty, it was unanimously agreed that additional accommodation was necessary, but, in view of information in the Committee's possession concerning the need for other Hospital service locally, action was deferred until such time as it will be possible to embark upon a Scheme sufficiently comprehensive in its scope to satisfactorily provide for the future needs of the whole district.

## ACKNOWLEDGEMENTS.

It is impossible to pay adequate tribute to the self-sacrificing work of the many supporters of the Hospital, but the Committee tenders its thanks to all; the Stewards and Collectors; the Employers of Labour and their Staffs; the Workpeoples' Representatives; the Contributors; the donors of gifts in kind; the Hon. Auditors, and the many Societies and Individuals whose help is greatly appreciated. The Committee, also expresses thanks to the Local Press for the valuable help given on many occasions.

## FUTURE.

The Extensions referred to above will not only involve heavy capital expenditure, but will, in addition, cause a substantial increase in maintenance costs. Moreover, the Committee is already aware of extra costs to be met during 1935, and, as it cannot hope to further reduce expenditure in the future, the need for continued and undiminished support remains, and it is hoped it will be forthcoming.

The Committee's policy is a progressive one, and it will do all in its power to provide the best possible medical service for the District with the available funds.

P. COLLINS, *President.*
